

# **THE GADARENE**

*From demon to disciple,  
From devil to devout;  
What a change they found in Wildman,  
When the demons were cast out.*

*From rage to cautious witness,  
From anger to concern;  
How the village people wondered,  
When they saw what Wildman learned.*

*From the tombs to feet of Jesus,  
From wailing life to find;  
What a blessing Wildman came to be,  
Sitting clothed in his right mind.*
